

SMART PATH

Energy efficiency upgrades with financing options.

SmartPath Benefits:

Minimal to zero upfront investment

Tailored upgrades for your business

Get the upgrades you need with less capital

Free audit, proposal and savings report

New way to finance energy efficiency upgrades

Professional installation service from qualified trade allies you can trust

Looking for energy efficiency upgrades but not sure how to pay for them? SmartPath™ can help.

You can get energy-efficient equipment upgrades with little to no upfront investment. An authorized trade ally will work with you and find tailored solutions. Duke Energy will then track and report actual energy savings and offer incentives to help you cover the cost of the upgrades. Minimize financial barriers and still get the upgrades you need.

Get started today. Call **866.380.9580** or email smartpath@duke-energy.com to see if you qualify.
